

Welcome

The screenshot shows the website's header with navigation links: HOME | ONLINE DEMO | CONTACT. A dark blue bar contains language options: DE | FR | IT | EN. Below is a yellow banner with the text: "ISRlight, the smart open source solution for PostFinance customers". A sidebar on the left lists: Register, Login, Instructions, Functions, FAQ, Extended functions, Online Demo, Support, Feedback, Legal notes, Disclaimer, Sponsors. The main content area features a "Welcome" section with a "Register now!" heading and a call to action: "Open an ISRlight account today to quickly and easily create invoices with an inpayment slip reference (ISR) number. This service is completely free of charge for PostFinance customers!". A link "→ Registration step 1: ISR subscriber number" is provided. At the bottom of the main content, it says "Last Update: 23.01.2012 | Print". The footer contains "Legal notes | GPL | Terms of use | Realisation leanux.ch AG".

Notes:

Old invoices can no longer be amended. From now on, if you wish to issue new invoices, you must first enter the respective articles. Please refer to the latest updated documents.

If you would like to benefit from the new “e-invoice”* function, please subscribe to e-invoice to PostFinance via your system settings. Just print out the respective form and send the signed form to PostFinance. You will receive an e-mail within the next 14 days confirming your subscription; after that, along with ISR-invoices, you will be able to also send out e-invoices.

*** for further information on e-invoices please refer to your PostFinance account manager or www.postfinance.ch/e-invoice.**
